Dear Parents/Carers,

As you know Kingfisher Hall had an Ofsted visit towards the end of March and we can now share with you the report and outcomes.

We are proud to share with you that the inspection team found our school to be happy and welcoming with high expectations for all pupils. The inspectors were also impressed that their judgements matched with the leadership team's own evaluation of the school.

What can we do better?

The inspection team agreed with the school that sometimes where pupils have misconceptions in their learning, staff should use their knowledge and expertise to close any gaps to support future learning. This is an area that we are already working on and will continue next year.

I am delighted that Ofsted has recognised the quality of teaching and learning in the school and the consistent hard work that goes on to ensure we provide the very best education and life opportunities for our children.

Thank you for continuing to work in partnership with us, making our school an amazing place for our children to learn and grow. We will continue to work hard and strive further for our children and our community.

Should you want to discuss this further, please make an appointment with the office.

Kind regards,

Gemma Vincent
