Kingfisher Hall ACADEMY

Friday 20th November 2026

Dear Parents and Carers,

We are delighted to share some exciting news about an upcoming change to our school meals provision.

From Monday 30th November, we will be introducing a refreshed school menu designed to provide our pupils with an even greater variety of nutritious, delicious, and balanced meals. Working closely with our catering team, we have reviewed our current offer and listened to feedback from children to create menus that are both healthy and enjoyable.

The new menu will feature:

- A wider range of freshly prepared hot meals
- The option of pasta pots, jacket potatoes and a selection of Sandwiches / Wraps: Cheese, Chicken, Tuna, Roasted Vegetable
- Increased choice for vegetarian and dietary requirements
- More opportunities for children to try foods from different cultures and traditions
- Seasonal ingredients wherever possible
- Healthy desserts and snacks that support a balanced diet

We believe that mealtimes are an important part of the school day. A nutritious lunch helps children to concentrate, learn effectively, and maintain their energy throughout the afternoon. We are confident that these changes will make lunchtime an even more enjoyable experience for our pupils.

To help families explore the new options, a copy of the three-week menu is attached to this email, and it will be published on the school website under the 'Parents' tab. We encourage you to discuss the choices with your child and help them look forward to trying some of the exciting new dishes on offer.

We are also planning to review the school lunches in January where pupils will have the opportunity to share and feedback their views of the new menu items and celebrate the start of this exciting development.

Thank you for your continued support. We look forward to sharing this new chapter in our school meals journey and hope that the children enjoy the enhanced dining experience.

Yours sincerely,

Gemma Vincent
Headteacher
